Write in C

When I **C**find my code in **G**tons of trouble,
AmiFriends and colleagues **F**come to me,
CSpeaking words of **G**wisdom:
"Write in **F**C." **C Dmi C**

CAs the deadline **G**fast approaches,
AmiAnd bugs are all **F**I can see,
CSomewhere, someone **G**whispers:
"Write in **F**C." **C Dmi C**

Write in **Ami**C, Write in **G**C,
Write in **F**C, Write in **C**C.
CLISP is dead and **G**buried,
Write in **F**C. **C Dmi C**

I **C**used to write a **G**lot of FORTRAN,
For **Ami**science it worked **F**flawlessly.
CTry using it for **G**graphics!
Write in **F**C. **C Dmi C**

If **C**you've just spent nearly **G**30 hours
AmiDebugging some **F**assembly,
CSoon you'll be **G**glad to
Write in **F**C. **C Dmi C**

Write in **Ami**C, Write in **G**C,
Write in **F**C, Write in **C**C.
COnly wimps use **G**BASIC.
Write in **F**C. **C Dmi C**

Write in **Ami**C, Write in **G**C,
Write in **F**C, oh, Write in **C**C.
CPascal won't quite **G**cut it.
Write in **F**C. **C Dmi C**

Write in **Ami**C, Write in **G**C,
Write in **F**C, Write in **C**C.
CDon't even mention **G**COBOL.
Write in **F**C. **C Dmi C**

And **C**when the screen is **G**fuzzy,
And the **Ami**editor is **F**bugging me.
CI'm sick of ones and **G**zeroes.
Write in **F**C. **C Dmi C**

A **C**thousand people **G**swear that T.P.
AmiSeven is the **F**one for me.
CI hate the word **G**PROCEDURE,
Write in **F**C. **C Dmi C**

Write in **Ami**C, Write in **G**C,
Write in **F**C, Write in **C**C.
CPL1 is **G**80's,
Write in **F**C. **C Dmi C**

Write in **Ami**C, Write in **G**C,
Write in **F**C, Write in **C**C.
The **C**government loves **F**ADA,
Write in **F**C. **C Dmi C**
